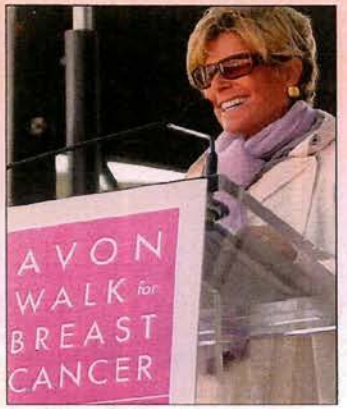
EMPOWER



Suze Orman at the Closing Ceremony of the Avon Walk for Breast Cancer San Francisco

LET'S WALK TOGETHER

"Let's walk together to ensure that we can fund faster detection techniques, more and better treatments and improved access to quality care for all."

Every three minutes there's a new diagnosis of breast cancer in this country. We have the power to turn those three minutes into five minutes, and then into ten minutes. And maybe, one day, no mother, daughter, sister or friend of ours will have to be told that she has breast cancer.
